"JIMMIE'S" CRIMES.

They Include All That a Banker Could Commit.

SO SAYS JOHN R. WALKER.

He Has Examined the Treaty and Believes Thompson Can Be Extradited.

While at Boonville, his home, yesterday, Hon. John R. Walker, United States district attorney for the Western district of Missouri, stated in an interview that the extradition of J. C. Thompson, now in Old Mexico, had been given consideration by him, but he could not divulge all of the information in his possession, nor what course that he would pursue. Still, in the course of conversation, after reviewing the case, he stated:

"I thoroughly investigated the case, having secured a copy of the extradition treaty between Mexico and the United States, and endeavored to find whether Thompson had been guilty of any crime that came within the scope of those enumerated in the treaty. Under this treaty, murder, manslaughter, burglary, robbery, forgery, etc., are extraditable offenses.

"Forgery, the only crime for which one can be extradited, as defined in the treaty, includes only offenses against the federal laws, as making false returns to the government and other similar offenses. Thompson, therefore, has been guilty of no offense for which he could be extradited under the specific terms of the treaty, but he has been guilty of every crime which a man could commit in a bank, and is both amenable to and extraditable under the statutes of Missouri. "What steps will be taken by the government I do not care to say at present."

An Assessment Soon.

Examiner Thorne had a letter from Receiver Latimer today, and it is quite likely the gentleman will return to Sedalia the latter part of the week, although it is possible that his arrival may be delayed until the first of next week.

Mr. Thorne says the task of wind-

ing up the bank's affairs is progressing favorably. It has been less than seven weeks since the suspension, but the work is further advanced than is generally the case at the expiration of three months. Nothing has yet been heard from the comptroller regarding an assessment against the stockholders, although it is more than probable that one will be ordered before the end of the month.

The government officials would like to see the bank reorganized, as is now proposed, but they are not counting upon it to any great extent. If this could be done it would go further than anything else in "circling the brows of the officials in a halo of glory," as the Gazette sarcastically put it the other day.

President Newkirk is still quite ill. In regard to the \$3,500 note held by the Salmon Falls, N. H., bank, referred to in yesterday's DEMOCRAT, Mr. Newkirk admits, it is said, that he satisfied the record at the recorder's office, but he did so on the statement of "Jimmie," who informed him that the obligation had been liquidated.

Henry County Teachers' Institute.

The Henry County Teachers' institute met at Clinton yesterday, and up to noon seventy-eight had procured treasurer's receipts. The force is a good one, the director being Commissioner E. M. Hall, assisted by George B. Sturgis, of Windsor; John T. Withers, of Deepwater, and James N. Gaines, of

MAY IS MISSING.

She Went Riding With Jim Churchill and Trouble Followed.

A. L. Bradford, a painter, with his wife, called at the DEMOCRAT office today to report the disappearance of his sister-in-law, May Music, aged fifteen years, whose home is at Warrensburg, but who

was visiting Mrs. Bradford here.

According to Mr. Bradford, the girl and her little seven-year-old nephew were induced to go buggy riding yesterday afternoon with Jim Churchill, the teamster, who has a wife and three children. The trio drove into the country, where they hitched the team, and the boy was left in the vehicle, while Jim and May strolled through the woods.

The boy returned home and informed his mother of what had occurred, and when May materialized, about 6 o'clock p. m., she was censured for her indiscretion.

Two hours later she left home, bareheaded and barefooted, and up to the noon hour had not returned, nor could any trace of her be found.

Mrs. Bradford fears her sister has suicided, and the girl's mother has been telegraphed to at Warrensburg, but the general belief is that as soon as May gets over her "miff" she will show up at home.

May was located this afternoon at the home of Mr. Smith, on Jefferson, between Moniteau and Kentucky streets.

THE "KATY" OFFICES.

Proposition Submitted the Citizens of Parsons to Locate There.

The Missouri, Kansas and Texas Railway company, through Vice President and General Manager Purdy, made the city of Parsons a formal proposition last night to locate the general offices of the railway at Parsons.

This proposition is for a bonus of \$25,000, which was accepted by the people. It is said the erection of the building will commence at once.

Thanks for Cake.

Mrs. Deloss McComas has the thanks of the DEMOCRAT staff for a large plate of as fine cake as was ever made by fair woman.

ABANDONED A BABE.

Was Left at J. M. Knaus' Home Last Night.

THE MOTHER IS NOT KNOWN

Found at Midnight. With a Sugar Teat In Its Mouth—Investigating the Case.

A baby boy, supposed to be about one week old, was left on the porch of James M. Knaus' residence, No. 1423 East Broadway, about midnight last night.

Mr. Knaus is a carpenter at the M., K. & T. shops, and at the hour stated was awakened by hearing the cries of an infant in close proximity to his sleeping apartment.

He left his bed to investigate, and found the child lying upon the porch. It's only garment was a sleeveless muslin slip, but a sugar teat had fallen from its mouth.

Mr. Knaus carried the child into the house and it was temporarily provided for. He then hastened to the nearest telephone and called Sheriff Porter, who was requested to loan his bloodhound for the purpose of trailing the party or parties who had abandoned the child.

Mr. Knaus was informed that the dog had never been trained, and hence it was decided not to use the animal, and the proposed search was given up.

There is nothing, so far as known, that will furnish a clue to the unnatural mother. This morning the babe was furnished with suitable

HORSES CREMATED.

Kelly & Son's Livery Stable at Lexington Burned This Morning.

From Oscar Andreen, who came in from Lexington this morning, the DEMOCRAT learns that Kelly & Son's livery stable there was entirely consumed by fire this morning.

Everything about the place was new, and the loss is quite large. Several horses perished in the flames and nothing whatever was saved.

How the fire originated is not known. This is the third time that the firm has been burned out, and each time without so much as a dollar of insurance.

Dr. Caldwell Married.

A telegram received today stated that Dr. O. B. Caldwell, of this city, was married at Springfield, Ill., at 11:30 o'clock this forenoon, to Miss Lillian Warren, one of the most highly accomplished young ladies of the Capital City.

The bridal trip will include a visit to the home of the groom at Danville, Ky., after which they will make Sedalia their home.

Among the Sedalians who were present at the marriage were Chas. Ittel, Frank H. Eastey and Dr. E. W. Bear.

To the genial Doctor and his fair young bride the DEMOCRAT joins a host of Sedalia friends in extending congratulations.

Arrival of "Monitor."

M. F. Holway has received from St. Louis, via the Missouri Pacific, Ex-Gov. Colman's celebrated stallion, "Monitor," and will have use of the animal this season and next. "Monitor" is the sire of "Cassie," known as the "sensational filly," and many horsemen regard him as the best breeder of useful colts ever in Pettis county.

Presented With a Medal.

Emmet Hurley, son of Mr. and Mrs. Edward Hurley, was yesterday presented with a solid gold medal by the sisters of St. Anthony school, for punctuality and deportment. The medal contains a crescent and star, with Emmet's name engraved thereon.

A Conductor Resigns.

Conductor Wm. Lawson, of the M., K. & T., resigned his position this morning, but his many friends hope he will not remove from the city.

A Peace Disturber.

In the police court, this morning, John Reynolds was fined \$5 for having disturbed the peace.

SEDALIA is all right in spite of
panics and bank failures.

CENTRAL MISSOURI is going to
boom this fall and Sedalia will be in
the midst of it.

REMEMBER the entertainment for
the benefit of the poor, and help
the cause of charity.

THE nominees of the late delegate
convention will never resign, but
they will wish they had before the
middle of November.

THE narrow gauge may yet be
the starter of a grand north and
south railroad. Such a line is
needed, and when capitalists under-
stand the situation the need will be
supplied.

THIS is not the year for Missouri
to take a backward step. After
having fought for years for the su-
premaccy of western ideas it would
be foolish to despair just when
victory is in sight.

THE people of this country are in
favor of free sugar, free lumber,
free coal and free raw materials gen-
erally, and the lowest possible tax
on the necessities of life that we are
compelled to import.

PETTIS county democrats heartily
endorse their state ticket and plat-
form and have arranged to select
their local candidates by a primary
election. This means enthusiasm
in the ranks and a glorious victory.

THE Globe-Democrat says that
the leading republican papers are
"opposing any concessions to
silver." This may or may not be
true. It is not always possible to
tell which are the leading papers.
But certainly the republican state
convention in Ohio made "conces-
sions to silver" sufficient to put
both Sherman and McKinley to
thinking.

A FEW thousand dollars expended
in improving streets and sidewalks
would be money well invested.
These improvements are needed and
there never was a time when work-
ing men would have welcomed them
more heartily than right now. Un-
less work is afforded them, there will
be industrious men who will go into
next winter with no money ahead to
buy food and fuel.

A LESSON in figures from Ameri-
can Industries in regard to the pre-
tense of protectionists that a tariff
is for the benefit of the laboring
man in equalizing the rate of wages
with those paid abroad, is based
upon the "uniform tax on imported
coal." The question is asked, says
the Springfield Leader, does this in-
sure the miners equal wages? Let
the census bulletin speak for itself.
The Michigan miner gets \$483 a
year; the Pennsylvania, \$258. Does
it insure even an equal division
of the resulting fund? The
value at the pit's mouth of
1,560,234 tons of coal raised in
Pennsylvania was \$3,073,554. The
amount paid for labor was \$1,141,-

239. All the balance went to the
capitalist—a pretty fair share con-
sidering that labor is nearly all the
capital required in mining. In the
third place does protection equalize
profits? Again let the census re-
turns speak. The profit on a ton
ranges from 13 cents, in poorly-
paid Alabama, to \$3.61 in Montana
and Idaho. Only one thing it does
show, and that is that capital, under
its baneful influence, takes the lion's
share.

AFTER referring to the cost of the
coal miners's strike the Kansas City
Star truthfully says: "The teach-
ing of the whole affair is that strikes
are disastrous to all who engage in
them, and, what is even more seri-
ous, they inflict loss and discom-
fort and suffering upon many per-
sons who have nothing to do with
them. In the end the differences
which cause them are almost always
harmonized by the exercise of
a reasonable and temperate policy
which ought to be as potential in
forestalling strikes as in bringing
them to a close."

ABOUT the most infamous fraud
ever unearthed in this country is
the rottenness that characterized
the Carnegie company's armor
plates that have been put upon the
United States warships. Swind-
ling is bad enough under any cir-
cumstances, but when a great in-
dustrial firm that has been built up
and made rich by government fa-
voritism deliberately puts defect-
ive armor upon war vessels, thus
sacrificing the lives of officers and
men employed in the navy, the
crime partakes of the nature of both
theft and murder.

A FRANK CONFESION.

The Globe-Democrat has the fol-
lowing frank confession as to tariff
legislation:

"It is fortunate for the country that
the tariff agitation is near its end. Instead
of doubt and apprehension we will soon have
certainty, and this, bad as it may be at the
outset, will be better than the suspense and
consequent depression and demoralization
which now prevail. In a few weeks or
months after the bill is out of the way the
industries directly affected will have adjusted
themselves to the altered conditions and the
long looked for trade revival will set in.
The passage of the tariff bill will remove
the only remaining cloud in the financial
sky. The Coxey lunacy is ended, the strike
disturbances and outrages will all probably
be over before the present week closes, and
business improvement will begin. With the
vanishing of the last of these menaces to in-
dustrial expansion a period of trade activity
rivaling that which started in 1879, after the
resumption of specie payments and the end-
ing of the panic of 1873-8, may reasonably
be looked for."

This paper has held right along
that it was the uncertainty as re-
gards the bill and not the provi-
sions of the bill itself which has
tended to prolong the industrial in-
activity which started last summer.

Republican politicians have en-
deavored to prolong this uncer-
tainty in the hope that hard times
would continue until after the elec-
tion and afford campaign material
for the republican candidates.

The DEMOCRAT has believed this
and has been confident that a re-
vival would follow the passage of
any reasonable tariff reform meas-
ure, but this paper was hardly pre-
pared to see a great republican
journal admit as much.

In placing the responsibility for
hard times it must be remembered
that it was in the power of the re-
publican senators to bring about
a vote on the tariff bill weeks ago,
and thus end the uncertainty.

Any considerable number of re-
publican senators could have
brought this about by joining the
democrats in hurrying matters up.
That they have not done so shows
that they have paid more attention
to party necessities than to the coun-
try's welfare.

GUARDED THE CASH.

The Indian Money Arrived at Vinita
Yesterday.

Postal Clerk Bert Bixby, who
came in from the south last night,
reports that the government money
for the Indians was taken to Vinita
yesterday morning by the M., K.
& T., under a strong guard, and is
being paid out there today.

There were more than twenty
sacks of silver and gold, each being
about all that one man cared to
handle, and in addition there were
in the car two large burglar-proof
safes that contained many thous-
ands of dollars in paper money.

Never before was Vinita as lively

CURE FOR OTHERS.

M. W. SCOTT, Esq., of the U. S. Marshall's
Office, Atlanta, Ga., writes: "For many
years my wife has been a constant sufferer
from indigestion, acid, headache, nervous pro-
stration and all other complaints that the fe-
male sex is heir to, and, after trying many
remedies and doctors
with but little or no re-
sult, I persuaded her to
try Dr. Pierce's Favorite
Prescription and 'Gold-
en Medical Discovery.'
She was so out of heart,
she returned the answer
that it would be like
pulling at a thread of no good;
but on my account, she
said she would try it, so
I got one bottle each;
and before she had used
half of a bottle she felt
that it was benefiting
her, and she continued to improve ever
since, and now thinks it the most wonderful
remedy on earth for her sex, and recommends
it to all suffering females. She has not been
so well in ten years."
I wrote this without any solicitation and
with a free, good will, so that you may let all
who suffer know what it has done for
her." Sold by medicine dealers everywhere.

Mrs. SCOTT.

as it is today. It presents the ap-
pearance of a big fair. Every
gambling and pleasure device known
to the ingenuity of man is running
in the town and all seem to be do-
ing a thriving business. The gam-
blers are open and above board in
their operations, and even the three-
card-monte men are working their
game with great success. One rail-
road men says that there are several
three-card-monte men who worked
along the M., K. & T. road twenty
years ago are now running their
shell game at Vinita.

The town is comparatively free
from disturbances, deputy United
States marshals being scattered all
over the place, and every effort will
be made to prevent trouble. Peo-
ple from all parts of the world,
many of them out of curiosity,
while others are on the lookout to
make a "dollar or two."

A PEST IN PETTIS.

By Some Considered a Flower, But a
Nuisance Just the Same.

A gentleman calls the attention of
the DEMOCRAT to a matter of which
our farmers and gardeners ought to
take notice.

The common white daisy of the
eastern states has been planted in
the flower gardens of the city, and,
under the romantic name of "Mar-
guerite," is propagated and ad-
mired by the ladies, who yet look
upon it as a rare flower. But as a
pest and a nuisance to the farmer
it is much worse than Canada thistles
or cockle burrs.

In New England, in some local-
ities, it has taken the meadows and
pastures until they are practically
ruined. The cemetery is full of
them and on the Monsees fruit
farm, two or three miles north of
town, it is all along the road sides.

It would be now easy to kill it
out, but if let alone a few years the
farmers will be asking the legisla-
ture for relief, and without avail,
for if the pest once gets fairly
rooted in the rich soil of our pas-
tures and meadows it can never be
eradicated.

What Was the Attraction?

E. J. Donnelly, the cigar man-
ufacturer, Clarence Whitemeyer, L.
McGregor and several other young
gentlemen left the city last Friday
on a fishing excursion to the Lam-
ine. Their object must have been to
"catch something besides fish."
There are several pretty young
ladies in that neighborhood, and
the boys were their best Sunday
clothes. They returned with a
string of three frogs and one little
mud cat three inches long.

Corner Stone Laying.

The corner stone of the new \$75-
000 Science hall was laid at Fayette
yesterday in the presence of several
thousand people. The ceremonies
were under the direction of the Ma-
sonic order, assisted by members
of the same order from neighboring
towns and the local K. of P.
lodge.

Trifled With Her Affections.

Miss Ida M. Fields was given a
verdict for \$10,000 against James
Perkins by a jury in the circuit court
at Lexington yesterday. It was a
suit for breach of promise, and was
a hard fought case. It was taken
from Clay county, on a change of
venue, and had been in court two
years.

Searching for a Son.

Mrs. E. S. Miner, of Oberlin,
Kas., arrived in the city last night
in search of her son, Alfred C.
Miner, who has been strangely
missing from the Pacific hotel in
this city for the past two weeks.

RAILROAD RUMBLE.

M., K. & T. Employees Indulge in a Protest.

A DOLLAR IS BIG MONEY.

Items of Interest Picked Up From Various Sources for the Benefit of "Democrat" Readers.

An order has been issued from headquarters of the M., K. & T. railroad, says the Parsons Sun, directing that conductors, engineers, firemen, brakemen and all other trainmen on the road have their eyes and ears examined, for which they are to pay out of their own pockets the sum of one dollar each.

The "Katy" will adopt the standard rules of railroad, and before the company can do this trainmen will have to undergo a test as to whether or not they can come up to the requirements of the new rules.

The order has caused some discussion among the men running into this city. They do not object to the examination, but find fault with that part of the order which directs them to pay out of their own pockets one dollar for the examination.

In view of the fact that everyone connected with the service contributes every month to the hospital fund, and many of them have never received any benefits from that institution, they claim that Chief Surgeon Yancey should pay the expenses incurred by this examination out of the hospital fund, and it is understood that a letter is now being prepared to be forwarded to the proper authorities asking if such an order cannot be made, together with their reasons for such a request.

A Swindler Abroad.

A young man giving the name of Frank Bonner called on several railroad men in this city yesterday, says the St. Louis Republic, and among others General Manager W. B. Doddridge, of the Missouri Pacific, and presented letters of introduction from J. T. Odell, vice president and general manager of the

New York and New England railroad at Boston, Mass.

One letter of introduction explained that Bonner had been private secretary of Mr. Odell for a number of years and vouched for his excellence and fitness as a railway employee. Domestic troubles alone were responsible for his withdrawal from the company's service. The other letter was of a personal nature and appealed to the kind consideration of the reader to place Bonner with the company sought, the control of which the reader might have. Anything done for Bonner would be esteemed as a personal favor by Vice President Odell.

Mr. Doddridge read the persuasive letter with great care and requested the young man to call again later in the day. In the meantime the general manager of the Missouri Pacific wired Vice President Odell for information concerning young Bonner.

Vice President Odell telegraphed Mr. Doddridge that he had never heard of Bonner, but that this was the third time an imposter had used his name. He requested that he be held and delivered to the police and prosecuted vigorously.

Mr. Bonner had not called again up to a late hour yesterday afternoon, and will probably postpone a second call for a few days at least.

Dislike Sunday Work.

The employees of the Pullman Car company repair shops in St. Louis have a grievance against the officials of the above concern which, if they carry out their threat, may end in a strike.

The shops have been overrun with work, and for several weeks the men have been compelled to work Sunday. The men did not object to working all day, and a portion of the night, but they draw the line at Sunday work, and Monday notified the superintendent to abolish the Sunday work. They gave as one reason that they had to attend the meeting of their union on Sunday morning. They obtained no satisfaction, however, and threatened to strike. Vice-President Wickes, of the Pullman company, who is in Chicago at present, was advised of the situation. The employees wanted to arbitrate with him, but he said there was nothing to arbitrate, and so the matter stands.

Coach, Cab and Caboose.

Walter B. Shirk, commercial

agent for the M., K. & T., visited Green Ridge today.

Conductor W. T. Bulkley, of the Missouri Pacific at Fort Scott, and wife, are in the city.

Route Agent R. A. Clark, of the American Express Co., went to Clinton this morning.

H. C. Rouse, chairman and president of the Missouri, Kansas and Texas, will next week sail for Europe, to be absent five weeks. On the result of his mission depends important extensions of that road.

"Chick" Warner, one of the old-time passenger conductors on the M., K. & T. between Parsons and Denison, has returned to his first love, and is now running on the "Katy" south from Parsons.

J. Siddell, for five years United States deputy marshal at Kaasas City, has been appointed special agent and confidential man to General Superintendent H. G. Clark, of the Missouri Pacific, and has entered upon his duties as such.

Superintendent L. D. Hopkins came in this morning from Sedalia, says the Nevada Mail of yesterday, on his special. He was on a tour of inspection and was enroute for Coffeyville, Kansas. He was accompanied by Division Superintendent L. L. Kellar.

Wm. Calkins and family, of Sedalia, passed through this afternoon, says yesterday's Nevada Mail, to spend a week at Parsons. Mr. Calkins is an engineer on the "Katy," and is well known in Nevada. He has been suffering with erysipelas the past two weeks and is unable to work.

The Santa Fe has announced a rate of \$19.75 from Chicago to Denver and return for the meeting of the National League of Republican Clubs, \$10.75 from Kansas City, \$17.25 from St. Louis. The date of sale and limitation are the same as formerly announced. These rates will undoubtedly be met by all other lines.

It was announced yesterday at Union Pacific headquarters that the road would about July 1 dispense with the services of twenty-five clerks and perhaps abolish one or two departments, as a result of the reduction of work. This is regarded as the first substantial evidence that the Oregon Railway and Navigation company affairs are to be run separately after July 1.

General Manager Purdy and Superintendent Allen, of the M., K. & T., were at Holden yesterday and

took a hand car ride over their branch road to Paola, a distance of 52 miles. Last fall the M., K. & T. chief engineer made a preliminary survey from Green Ridge to Holden, a distance of 35 miles. By putting in this thirty-five miles they have a complete St. Louis and Kansas City line.

The Pacific and American Express companies are to have a joint office in this city after July 1. The office will perhaps be at the Pacific Express company's present office south of the depot. The union of the two offices has been decided upon and the decision has been sent to the superintendents for their approval or rejection.—Moberly Democrat.

Jack Freeman, the good natured and popular M., K. & T. dispatcher, of this city, who has been in the employ of the Missouri, Kansas and Texas for a number of years, and for the past three years at this place, left this morning for Sedalia, where he will work in the M., K. & T. dispatcher's office. Jack's many friends regret to see him leave, but the knowledge that he justly deserves a promotion permits his leaving.—Moberly Democrat.

A SEDALIAN TOOK PART.

The State Teachers' Convention at Pertle Springs.

At Pertle Springs, yesterday, about 300 persons were present at the State Teachers' meeting, and many others were expected by today at the opening service. Prof. Campbell, of Warrensburg, delivered the invocation, and President Osborne, of the state Normal school, made the address of welcome.

The following topics were discussed at the morning session: "Educational Ideas," by Prof. Martin, of Lamar; "Report by Phonograph of Actual Class Work," by J. C. Hisey, of Kansas City; "Development of Ideal Children of Missouri," by Supt. J. N. Tate, of Fulton; "State Work for the Blind," by Supt. J. S. Sibley, of St. Louis.

The night session was devoted to hearing the annual address of President H. W. Prentiss, of St. Louis, and the report of various committees.

The afternoon was occupied by the department of common schools. The topics considered were the course of study, the Missouri textbook law and county supervision.

S. A. Ross, of Gallatin; H. J. Tripplett, of Harrisonville; A. A. Duff, of Pleasant Hill; B. B. Brereton, of Sedalia, and others took part in the discussion.

ROMANCE IN A TENT.

It Culminates in a Public Hitching Affair in Sedalia.

A wild, weird romance, wherein soap and sentiment, music and mashing, medicine and matrimony, were strangely commingled, had its culmination in Sedalia last night, says the Clinton Democrat of yesterday, when Etta Douglass and William Maultby arose in the Sayman show and stood under an arch of flags, while Justice A. D. Fisher, arrayed in the shimmering splendor of a pair of linen trousers, pronounced them man and wife.

When the Sayman's first came to Clinton and committed a series of concerts here they found Etta Douglass a happy and heart-whole attache of the Heckler house. She fell in love with Maultby, whose melting strains upon the melodeon charmed her. She was seized with an irresistible desire, further, to become one of Sayman's, and leaving her employment here, joined them and is said to have done a charming turn at Appleton City and elsewhere. She dropped back to Clinton once in a while, but generally kept close to her William.

The Saymans have attained the dignity of a tent in Sedalia, and the announcement of the wedding was sufficient to bring out an audience of 1,500 Sedalians. The local press chronicles the fact that the bride was arrayed in spotless white and was evidently embarrassed by the publicity of the event.

Capt. Stevens in Texas.

Capt. E. W. Stevens, of Sedalia, Mo., was in the city today en route to Sherman, where he makes a combination sale of blooded horses soon. This lot numbers fifty head of the superior breed of animals from the stock center. Captain Stevens' horses are standard bred right up in the purple and without exception are sound and well.—Denison Herald, 19th.

Sedalia Slandered.

A number of Sedalia young ladies attended a Sunday school picnic near Green Ridge. Several of them

went wading in a little brook close by and the stream overflowed its banks.—Clinton Democrat.

Gasoline Stove Explodes.

In attempting to fill a lighted gasoline stove, at Hannibal, yesterday, Mrs. Wm. Trutt came near destroying her entire family. She, her husband and two children were severely burned. The youngest child cannot survive.

A Raffle Last Night.

Quite a pleasant little party was in attendance at Mrs. Lucia Thomas' last evening. The feature of the evening was the raffling of a beautiful glass box, which was won by Mr. Geo. McVey, of the Missouri Pacific shops.

A Cub Bear.

A cub bear arrived by the American express this morning for H. D. Shelton, of Hughesville. It came from M. L. Robbins, general passenger and ticket agent of the Houston and Texas Central Railway.

Death of Mrs. Scott.

The remains of Mrs. Maud Scott, who died at El Dorado Springs yesterday of flux, passed through Sedalia this morning, being taken to Bunceton for interment.

BATTLE WITH BANDITS.

Plot to Capture Cherokee Money Frustrated by Indian Soldiers.

MUSCOGEE, I. T., June 20.—Sunday evening Jim Cook, his brother and another person were laying in wait at the Half Way House, between Tahlequah and Wagoner, to capture the Cherokee money in transit between Tahlequah and Wagoner, where it was being taken for the payment at Vinita, which begins today. Some one notified the treasurer and he sent a squad of the national guard ahead of the money.

They surrounded the house, and in the fight that ensued one of the guard was killed and one of the bandits shot. The robbers all escaped, but were followed, and yesterday some of the deputies from the Muskogee court brought in Tom Cook, the one who had been so badly shot. He is shot in both arms, through the body, through the legs and in addition peppered all over with buckshot.

He says he and the others had been to Tahlequah to draw their money, and were attacked before they were aware. They belong to the famous gang of outlaws who have been terrifying the western portion of this nation and taking horses and cattle by the wholesale.

GENUINE DUEL AT CHICAGO.

Two Cattlemen From Montana Meet and Fire at Fifteen Paces.

CHICAGO, June 20.—Bailey Norris, of Wyoming, and George H. Sangers, of Montana, fought a duel yesterday at Summit, twenty miles out of Chicago.

Sangers was shot through the left shoulder, while a bullet from his revolver plowed a furrow through the right cheek of Norris.

The men have been enemies for some time because of their mutual admiration for a woman of Bozeman, Mont. They met at the stock yards, where they both had arrived with cattle, and a fight followed in which revolvers were drawn, but no shots were fired. Friends separated them, however, and it was arranged to fight the matter out in some quiet place.

Yesterday the two men with two friends went out to Summit, on the Chicago and Alton road, and finding a lonely spot near the drainage canal, prepared to fight at fifteen paces with revolvers. At the word "fire," the pistols rang out and Norris was shot in the face. At the second shot Sangers got it through the shoulder, and although both men were anxious to continue, the fight was stopped, and the quarrel patched up. Both men left for St. Paul.

A Card of Thanks.

We wish to express to all those who so kindly assisted us in our great sorrow our sincere and heartfelt thanks, and we can only say that we shall ever hold your kindness in grateful remembrance, and pray God's blessing to rest upon those who forget not the afflicted.

Yours gratefully,

R. T. LEFEVRE AND FAMILY.

OUR STORE

AIN'T A TEN-ACRE LOT!

No! no!! It is nothing more or less than the biggest thing in Sedalia or Central Missouri in the music line—and, well! yes!! we say it—we are selling more goods, getting in more cash, more goods sold on monthly payments, and much more all round solid business than all the other music houses in Sedalia combined or separate. Freight bills talk—drafts and remittances are mighty good evidence and we are not running any *Ananias racket* or *Bluffing*. We simply do the business, and we do it right on the square. Our expenses are simply awful, so the other fellows say. Well, they are awful. Awful small for the amount of our business—and the fun of it is our expenses are paid in cash. We have no time for funny business—life is too short, so we put in our time, our best licks, and all we weigh or measure in height, length, breadth or muchness, attending to business at

AWARDED ONE CENT.

This Was the Amount of Damages

Given a Preacher.

LIBERTY, Mo., June 20.—Rev. M. P. Hunt, of Louisville, Ky., was awarded 1c in the circuit court here yesterday in a suit for libel against the Hudson-Kimberly Printing company, of Kansas City.

In 1892 the plaintiff was pastor of a church at Gallatin, Mo., and editor of the West Fork Baptist, a paper published there. He published an editorial that very much displeased T. G. Buzzard, who failed in the drug business there. Buzzard, to get even, had the printing house print him some poetry he sent them, holding the parson up to ridicule.

The preacher brought suit for libel for \$10,000. As Buzzard was insolvent, Rev. Hunt brought suit against the firm that printed the circulars. The managers of the establishment denied that they understood the contents of the circular at the time they printed it.

STRIKING MINERS.

Men Are to Be Imported to Work at

Bevier, Mo.

MACON, Mo., June 20.—The Bevier delegation to the convention of miners of this district held at Moberly returned yesterday, and reported to the operators that they would go to work on the schedule adopted by the convention, which was 10c in advance of the price paid at the time the strike was declared. The operators refused to pay the price demanded, 60c a ton for unscreened coal, so that no immediate settlement is in view.

The receiver of the Loomis Coal company will open its mines at once by order of the court, and if necessary import miners in sufficient numbers to operate at fullest capacity. Five deputy United States marshals arrived yesterday and will see that the decree of the court is carried out and afford protection to those desiring to work on the old schedule.

The miners of Ardmore yesterday

voted unanimously to return to the mines at the old price of 50c a ton, and will be admitted by Supt. Martin in the morning, provided they come in a body and ask for work.

McKinley Cannot Come.

The republicans of Sedalia have been in correspondence with Gov. McKinley, of Ohio, with a view of having him deliver an address here during the campaign, but a letter received from him today does not afford them much encouragement. The governor finds his time well occupied, and he does not care to come into a state where the democratic majority is so overwhelmingly against him and his party.

Dissolution Notice.

Sheriff Kills a Desperado.

WICHITA, June 20.—Bud Smith, a notorious desperado, was killed yesterday at Watonga, O. T., by the sheriff. Upon seeing him trying to escape the sheriff took aim from the saddle of his horse and brought the desperado down at the first shot. Smith was a Texas cowboy who had been identified with the Dalton gang for three years.

Suit Selling.

The remarkable cheapness—'twas a surprising story—at which we have been selling stylish pattern dresses for the last ten days has been a surprise to everyone. The value and style for the remarkably low prices, has kept up the brisk trading—couldn't help it. No such values ever before.

The new patterns added to the line yesterday placed it where it has not been better selecting than now, with the tailor patterns somewhat leading. Think of the best 52-inch Coverts—(price \$1.50 yard) and the 52 and 54-inch Tailoring Cloths—little checks and small dainty effects, worth \$1.50 and \$1.75 the yard, for only \$5.00 for full pattern.

Enough if you come now.

PRETTY MAY COLVIN

She Stole Horses and Went to
the Penitentiary.

WHO THE GIRL REALLY IS.

Her Sweetheart, Who Was Led Astray
by Her, is Also Behind the
Prison Walls.

The female department of the
penitentiary undoubtedly furnishes
the most depraved types of
humanity, says a writer in the St.
Louis Republic. Primarily, the
partiality of courts and juries for
women characterizes every judicial
system of civilization; and so it
must be a depraved and dangerous
woman whom a jury of Americans
will sentence to penal servitude.

There are fifty-seven women in
the Missouri penitentiary. Seven-
teen of them are white. Most of
them are old and haggard, but two
or three of the whites are young,
with traces of beauty upon their
features. The officials say that the
women are much more difficult to
handle than the men. They are
like unruly children, whom no
amount of punishment can subdue.
They are loud and exclamatory, and
their profanity and obscenity when
their ire is aroused would put an
English fishmonger to the blush.
Warden Pace has come nearer to
subduing them than any of his pre-
decessors by finding employment
for the majority of them at the shoe
trade.

Decidedly the most unique per-
sonality of the female population of
the prison is May Colvin.

May is only 18 years old, and is
a rustic beauty. Dress her in the
gorgeous paraphernalia of Lillian
Russell and she would be a more
brilliant beauty than that stage
celebrity. She has great blue eyes
and a mass of tousled blond hair
of Titian tint. Her form is luscious
—well rounded and plump, and her
cheeks are red with the vigorous
life of the Ozarks, whence she
came.

Her mouth is one that an impres-
sionable artist would go wild over,
with its cherry-red lips of sensuous
curves, the whole forming the most
perfect Cupid's bow.

And withal, May is a horse thief,
and doesn't deny it.

Certainly the confinement in the
penitentiary has brought out her na-
tive beauty, that must have been
blurred or obscured by her exposure
to all sorts of rough weather while
fleeing over the plains and moun-
tains of the southwest from the of-
ficers, or else no jury could have
ever been induced to give her a
term in prison, especially for so
common and plebeian an offense as
stealing horses.

But May is not only a horse thief,
but a jail breaker as well, by her
own confession. Her feat in break-
ing from the jail at Girard, Kas.,
where she was confined about two
years ago for horse stealing, her es-
cape to Jasper county, Missouri, and
her subsequent capture there and
prosecution on an old charge will
be recalled by the readers of news-
papers.

"Well, I have no hard-luck story

to tell," was the way May greeted
the Republic representative. "They
made no mistake in my case. Nearly
everybody else in here is inno-
cent, according to their own
statement, but I'm not. I'm here
for stealing horses.

"When I heard you were here
and wanted to see me, I thought
you were an officer from Girard,
Kas., and wanted to take me back
there for breaking out of jail. I'm
glad you are not, but I guess they'll
come for me as soon as my term is
out here, which will be in about 14
months, if I behave myself. I've
been a pretty good girl since I've
been here. The reason for it, I
guess, is that I haven't had a chance
to be bad. However, I've man-
aged to so break the rules as to be
put in the darkroom two or three
times. But I'm going to behave
myself from now on, so I can get
the benefit of the three-fourths rule.

"I don't know why I've turned
out so bad, unless it is that it was
just born in me. My mother is a
good woman, only 35 years old
now, a member of the Methodist
church and has been married
three times. She raised me
right, and my father, who
is a dentist, and the only father I
have ever known, was always kind
and indulgent to me. I went to the
public schools in Webb City until I
was 16 and then the devilment be-
gan to crop out in me. I don't
know why, either.

"Nobody ever taught me any
wrong. I'm not like other women,
either, in blaming my downfall on
any man. Nobody Breckinridge
me. But I guess Charlie Creech,
my sweetheart, who is over on the
other side of the wall for petit lar-
ceny, could tell you, if he would,
that I was the cause of his going
wrong. We'll get out of this place
about the same time, and if the of-
ficers of Kansas don't grab me as
soon as I get out of the gate I guess
I'll join him again and we'll enjoy
life together as we please."

JAXON IS A CRANK.

Chicago's Chief of Police Says He Will
Bear Watching.

CHICAGO, Ill., June 19.—"Jaxon
is a crank of the first water, and
therefore will bear watching," said
Chief of Police Brennan yesterday,
referring to the Indian half breed,
a former resident of Chicago, who is
the alleged leader of an alleged an-
archist plot to blow up the capitol,
the treasury, war and navy build-
ings at Washington.

"Last summer Jaxon was affili-
ated with men known to be of an
anarchist leaning in this city. It
will be remembered that there was to be
a world's congress of anarchists in
this city during the World's fair,
and though there were no public
meetings, there was a secret session
in Jaxon's office. The police found
no occasion for interfering with the
meeting and nothing was done."

ARRESTING THE RIOTERS.

Illinois Miners Taken by the Aid of the
State Militia After Stubborn
Resistance.

MOUNT OLIVE, Ill., June 19.—
The mining situation at this place
is now assuming a serious and
threatening aspect. The Seventh
regiment, Illinois National Guard,

Col. Colby commanding, arrived
yesterday, and are now encamped
here. They are here to assist the
United States marshals in arresting
the unruly miners, who for the past
week have been conducting things
here with such a high hand,
stopping freight trains, rioting,
breaking car seals, and
when coal was found not
permitting it to be carried
through the city, but unloading and
taking it home. Last Saturday night
United States Marshal Brinton and
several assistants made an effort to
arrest the guilty ones, but to no
avail, as they were surrounded by
the angry miners and forced to re-
lease their prisoners. Owing to the
presence of the militia, however,
this evening the guilty parties are
being arrested as fast as found.
About 400 of the miners held a se-
cret meeting and passed resolutions
to the effect that they would here-
after molest no trains passing
through the city.

HANDLING SCAB COAL.

Katy Employees Requested by Strikers
to Refuse to Touch It.

DENISON, Tex., June 19.—The
committee representing miners on a
strike at Lehigh, I. T., met in mass
meeting Sunday afternoon with the
American Railway union and ad-
dressed them on handling "scab"
coal. It requested that the em-
ployees of the Katy and Houston &
Texas Central refuse to handle coal
mined by "scabs." Committees
had been previously appointed to
get the sense of different railway
organizations in decision on the
subject and to report to a mass
meeting tonight.

A FAKE SNAKE FARM

The Chadwick Plant Not a Phenomenal Success.

A GREAT SNAKE EXHIBIT.

What the Sunday Excursionists Didn't See at Prof. Childs' Christian County Show.

The excursionists who went down to Chadwick on the special train Sunday, says the Springfield Democrat, to see Prof. Childs charm the hoop snakes and the wild rattlers of the Ozarks with the melody of his bagpipe, came home tired and somewhat disappointed.

They found "the farm" a little narrow in its area—not the acres of captive reptiles some of the visitors had hoped to see—and the crawling monsters of the "show" failed to swallow live rabbits and full-grown hens for the entertainment of the curious spectators.

As a rule the reptilian denizens of the Bull creek hills have not yielded very passively to the notes of the charmer's gaily decorated bagpipe. Prof. Childs pipes with a great deal of energy and persistence, but most of the old rattle snakes and blue racers of the canon refuse to crawl into "the farm" and twine themselves fondly around the neck of the musician's partner in the business, Mrs. Childs. The snakes seem to be pretty well satisfied with the old way of life, and prefer the sunny sides of the mountains to the snug beds which Prof. Childs has prepared for them in his trunks and boxes. Notwithstanding this indifference of the snakes around Chadwick to the appeals of the inflated bagpipe which hangs under the arm of the picturesque musician, Prof. Childs continues to offer, in his green-colored circulars, \$1,000 for any wild serpent that his wife cannot caress with safety.

As a regular industry "snake-farming" has not proved to be a stupendous success in the whilom home of the Bald Knobbers. Rattlesnake oil may be a sovereign cure for many of the hitherto fatal mal-

adies that have afflicted the human race, as the Chadwick oracle maintains, but the pioneers of Southwest Missouri don't know this occult fact, and in their ignorance of the value of the dreadful reptile they organized hunting parties on wet days and Saturday afternoons and slew many of Prof. Childs' favorites. Those were evil days for the future snake-charmer. Many of the pioneers of the Bull creek country killed rattlers enough in one season to stock a whole farm like the Chadwick plant. That was a foolish waste of precious oil, Prof. Childs thinks, when the anti-snake parties went out into the mountains 50 years ago and shot the singing rattlers in their graceful coils. Whatever value those might have been in the snake farming business in Southwest Missouri, the early settlers of the country destroyed to a great extent before the bagpipe adventurer made his appearance at Chadwick.

THE BENEFIT PLAY.

The Thespians Acquitted Themselves Most Creditably Last Night.

The oppressively warm weather considered, Wood's opera house contained a large audience last night on the occasion of the presentation of the melodrama, "Aurora Floyd," by the Sedalia Thespians, under the direction of Wm. Latour, for the benefit of the Sedalia Rifles.

Pyramids of fire had been scattered about the house during the afternoon, and in consequence the temperature was delightfully cool and pleasant. The Rifles were present in a body and Freimel's opera house orchestra furnished the music. The cast of characters was as follows:

AURORA FLOYD.....Miss Blanch Latour
Mrs. Powell.....Mrs. Wm. Latour
Mr. Floyd (An old soldier).....Chas. Kooch
Jas. Conyers (a New Market trader).....Geo. Wright
Jno. Melish (Squire of Folsom park).....S. E. Wolf
Talbot Burdette (his friend).....L. M. Beck
Matt Harrison (a dog fancier).....D. M. Dodge
Wilson (footman to the squire).....D. T. Chaney
Steve Hargraves (the softy).....Wm. Latour

The play was presented in a highly creditable manner throughout, each and every character winning hearty commendation from the audience.

Between the first and second acts the Mandolin club gave a selection, and H. V. Leist's solo, between the second and third act, brought down the house.
